OLD BOYS' ANNUAL DINNER

The annual meeting and dinner of the Old Boys' Association will be held at the **Granite Club, Toronto, on Thursday, October 31st.** Reception 6.30 p.m. — Dinner 7.15 p.m. — Dress optional. Price \$5.00. Apply to C. E. Medland, 114 Hillside Ave. W., Toronto, for tickets.

The guest speaker will be Michael Langham, director and general manager of the Stratford Shakespearean Festival.

THE OLD BOYS' FOUNDATION

Up to September 21st, the Foundation has received this year contributions from 190 Old Boys for a total amount of over \$4000.00. The trustees of the Foundation thank these loyal Old Boys for their continued interest in their old school. The campaign for funds was late in starting but it will be revived in October and we still believe that we can reach our objective of \$10,000.00. If you have not sent in a donation this year, we would be pleased to hear from you. Make cheques payable to the St.

Andrew's College Old Boys' Foundation, and send them to the Secretary of the Old Boys' Association, at the school. A receipt for income tax purposes will be sent to you immediately.

ROUND AND ABOUT THE SCHOOL

Here we go again! — off into another School Year! Since the last Andrean reached you, much has happened. With great sorrow we report the accidental death of **Mrs. Del Grande**, wife of our Senior Maths Master. You will be glad to know that **Dr. "Mac"** has made a remarkable recovery from his serious illness of late summer. "**Pitt**" (Mr. Laidlaw to the uninitiated!) has made an excellent comeback from his illness and is as usual making his considerable contribution to the life of the School. "**Tuddy**" (Mr. Tudball!) still resides in Aurora and still gets out and about in spite of occasional setbacks. He is one of our prime sources of Old Boys' news — and often of School News! — **L. C. MacPherson, B.Sc., M.S. in Ed.**, formerly of Stanstead College has joined the Staff as assistant to the Headmaster and teacher in the Middle School. **C. F. A. Beaumont, M.A.**, from the Staff of R.M.C., has taken over the teaching of Physics. **Mr Wright** tells us that he is missing one team photograph for the walls of "Mac" House — the '47-'48 Hockey Team — Any offers? Mac House incidentally, is full of boys none of whom is more than fourteen! The School is "young" all the way through and in every way promises well. The **New Boys** are a good lot. The **Weekly Boarder Plan** has been implemented in the Lower School, thus far with ten participants. The **First Football Squad** is keen and 'rajin' to go and should give a good account of itself. The Third Team at time of writing has registered a win in its first game, 12-0. The **Rugger Squads** are hard at it and should be able to hold their own in the matches scheduled. Fun 'n games has been noticeable in other departments — notably in the physical 'innards' of the School Building. A **programme of repairs and improvements** has begun and much has been accomplished. There is not space to give full details, but here are a few highlights. In Dunlap Hall, walls have been moved to make classroom more spacious and a new classroom created downstairs behind the theatre. New combined desk and seat units have been installed throughout the School. Yes — the old desks are gone! The Assembly Hall is in process of being turned into a library.. It has been redecorated, linoleum has been laid on the floor, numerous lighting outlets have been provided. New book-shelves, study tables and lamps should be in place before long. It promises to be what it is hoped it will be — an inspiring, spacious, well-equipped hall of learning — set apart as a library and supervised as such. Now — books being part of the decor of a library — and the new library being so much larger, more books are needed. Have you any which you think might be useful — and if you have, would you be good enough to send them along to the School? Among other items, built in clothes-closets are being installed in the dorms of the Upper Flat of Mac House and linoleum is being laid on the floors. Plumbing has not been mentioned — because most of it was ripped out of the boys' residences this summer with the idea of complete renovation. Part of the renovation took place before the plumbers went out on strike. The plumbers are not back yet!

Meanwhile — life at the School presses on — regardless! As usual it seems incredible that it is less than two weeks since the new year began and it would not seem unnatural if one were to hear someone say, "The Term is beginning to drag!" Will you bear in mind that your Andrean needs the news which you can supply. So — let's have it!
